## The Artist 1983

*A new year, a new look for  
The Artist in January*

**Informative new articles by skilled  
new contributors**

**The Figure** is the subject of Master Classes, a different aspect every month, from life drawing to painting portraits.

Miniaturist Phoebe Sholto Douglas writes about the fascinating history of **miniature painting** and shows you how to paint miniatures.

Ever wanted to do **screenprinting**? Why not try your hand? No expensive equipment needed. Raymond Spurrier explains how to do it, starting in January.

Waveney Fredrick handles **charcoal and pastel** with consummate skill. In January we begin a series of articles devoted to her techniques and illustrated with her beautiful drawings of landscape, trees and flowers.

And in 1983 we shall have all the popular regular features: **Talk of the Trade**, a new column covering **The Artist's Business**, and prizes for the best **art club's** work, and for the pictures judged to be the best in the **Readers' Pictures Exhibited** feature.

A great new year! Be sure to join us by placing an order with your newsagent, or take out a year's subscription from:
